

RD Management Gives Back at the Food Bank for New York City

RD Management LLC employees participated in the Weekend Repack at the Food Distribution Warehouse in Hunts Point, Bronx, NY for the Food Bank for New York City. At the Weekend Repack, RD employees sorted through food and health supplies provided to the Food Bank and organized them into specific categories and weight specifications for them to be shipped to food pantries and community kitchens throughout the five boroughs.

RD Management's volunteering experience was humbling and rewarding. As a result of RD's volunteer work, over 4,000 people would be provided with a meal for one day.

Food Bank, which serves as the city's main hunger-relief organization, has a network of more than 1,000 charities and schools nationwide and provides food for approximately 64 million free meals per year for New York residents in need. As an independent, nonprofit 501(c)3 organization, Food Bank meets the Better Business Bureau's charity standards. Food Bank is a certified member of both Feeding America and the Food Bank Association of New York State. To read more about Food Bank and their mission visit their website foodbanknyc.org.
